### TONE UP THE STOMACH

Get Rid of the Gas. Headaches and Dizziness.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as of weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

A very delicate stomach requires easily digested food but nature never intended that the food should be digested before it is eaten. The stomach must be strengthened to perform its own work and what it needs is not food already digested but a tonic are controlled by the blood and nerves, and medical science has produced no better digestive tonic than

The most remarkable bit of treat- - Argonaut, ment I received from Mr. Coulter was a good education. When I came to be eighteen I longed to go to college and begged very hard to be sent to a university. He demurred, but at last consented, telling me that I should always remember that he had pinched himself to send me. At college I formed the pleasantest associations and often spent my vacations with my college chums. Mr. Coulter was greatly vexed at this, but as I was growing to be more of a man every day, and he was growing old and seemingly a tritle afraid of me, I usually had my way. At leaving college I wished to study the law, but for some reason Mr. Coulter took a strong dislike to my adopting this profession, and in this in-

## Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them

healthy, strong, vigorous, virile and clustic. "Favorite Prescription" hanishes the indispositions of the period of expectancy and makes lerby's advent easy and almost painless. It quickens and vitalizes the feminine

organs, and insures a healthy and robust buby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just good." Accept no secret nestrum in place of this new-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.
